

How Bookkeepers Add \$500-\$1,500/mo with Compliance Monitoring

The Opportunity

Your clients already trust you with their books. But they're missing deadlines they don't even know about — across 4 government levels (IRS, state, county, city) and 30+ obligations. ComplyTX tracks it all automatically. You deliver it as a service. Everyone wins.

How It Works

- 1 Subscribe to Agency**
\$149/mo — manage up to 10 companies, 50 locations
- 2 Add your clients**
Import existing clients or add new ones in minutes
- 3 Deliver compliance**
Automated alerts, deadline tracking, evidence logging
- 4 Bill as a service**
Add \$50-\$150/client/month for compliance monitoring

The Math

Your cost:	\$149/mo	(Agency plan)
10 clients x \$50/mo:	\$500/mo	(conservative)
10 clients x \$100/mo:	\$1,000/mo	(mid-range)
10 clients x \$150/mo:	\$1,500/mo	(premium)

Net new revenue: \$351 - \$1,351/mo

That's \$4,212 - \$16,212/year in new recurring revenue

Sound Familiar?

! Phone rings Friday at 4pm:
"I got a penalty notice — it came in the mail weeks ago but I forgot." They all say this.

! Restaurant client shut down:
Expired food permit. No warning. Health dept walked in and closed them.

! The \$0 filing trap:
Client owed nothing on quarterly sales tax. Filed late. \$50 penalty anyway.

! Property tax — 1 day late:
Missed Jan 31 by one day. 6% penalty + 1%/month interest. On the full amount.
